

LESSON 7: KINGDOM MATH

**TRUTH
CENTERED
TRANSFORMATION**

MODULE 1

Part 1: The Boy and His Lunch - John 6:1-14

Mathematical Formula:

- Did Jesus need the boy and his lunch? Was there another way that He could have fed the people?
- Why did Jesus choose to take a little boy's only food?

HIT PLAY NOW TO CONTINUE

Part 2: The Widow and Her Last Meal - 1 Kings 17:7-16, 18:1

Mathematical Formula:

- Was the woman poor?
 - Could God have fed Elijah another way?
 - Why did God ask Elijah to go to the poor widow woman and ask to be fed?
-
- Why did God ask the little boy for his only food in the story of the loaves and fishes?
-
- Does God have a heart for poor people and widows?

HIT PLAY NOW TO CONTINUE

Part 3: Widow and Her Two Coins - Mark 12:41-44

Mathematical Formula:

- What did Jesus mean? How did she give more?
- Why didn't Jesus tell her "No, mother, you need it more than the temple." He could have, but He didn't. Why?

HIT PLAY NOW TO CONTINUE

Part 4: Giving

- Did Jesus excuse the poor from giving?
- Is anything "too little" or "too insignificant" to give to God?
- Does God bless the giving of the poor?
- What are some of the ways that God blesses our giving?

Part 5: Parable of the Talents - Matthew 25:14-30

Mathematical Formula:

Part 6: For Personal Reflection

- Are we generous with what God has given us?
- Is our church generous with what God has given, or do we only use it for ourselves?
- What ways have we seen God bless us as we have been generous?
- What changes can I make to apply these principles more in my life and church?
