IMIBULELO

Ayikho indlela encinci yokubulela wonke umntu oye wafaka ezi zinto kwaye wenza le nkqubo ibe yinto yonke. Ininzi lwaphefumlelwa kwangaphambili kwavela kwimfundiso kaDarrow Miller weZizwe eziManyeneyo kunye noBob Moffitt we-Harvest Foundation. Le nkqubo yaphuhliswa kwaye yaphunyezwa kwiminyaka yam yokutya kwabalambileyo. Ndiyabulela kubo ngokwenza indawo yokuba ndivavanye ezi zimvo kunye nokubonelela ngenkxaso mali ukwenza oko kwenzeke.

Kule modiyuli yokuqala, ndiboleke kakhulu kwizinto zikaBob noDarrow, ngakumbi "iMigaqo yoPhuhliso" nguDarrow Miller kunye "neNkqubo yoQeqesho loPhuculo lobuNkokheli" nguBob Moffitt. Ezinye zezimvo zokubonisa izinto zivela kuMark Wilson. Ibali eliwela uMlambo kwiSifundo 8 asililo elam, nangona kunjalo liyavela kwizinto ezininzi kangangokuba khangela ndikwazi ukufumana umbhali wokuqala. Ndinombulelo ongazenzisiyo kwabo ndikhe ndasebenza nabo kule minyaka njengoko bebefunda besebenzisa ezi zimvo. Ngamaqhawe am okwenyani. Sisicelo sabo kunye nengxelo eyenze ukuba oku kwenzeke, kunye nenkuthazo yabo endigcina ndiqhubeka kwiintsuku ezininzi xa ndifuna ukuncama. Ndisenalo uthando olukhethekileyo kwiqela lokuqala labaqeqeshi elalihleli ngokudideka ngokupheleleyo njengoko ndandifunda indlela yokufundisa kunye noko mandikufundise. Baye ngomonde bazama ukuqonda nokufundisa izimvo esathi kamva saqonda ukuba zinzima kakhulu kwimeko yabo. Kwaye u-Thixo walususa olo hlanga kwintlupheko. Isikhumbuzo esingapheliyo sokuba le ayizange ibe malunga nam okanye into endiyenzayo, kodwa ngoThixo nento awayeyenza. Ndichukumisekile ngokungathandabuzekiyo kukuba uThixo angandivumela ukuba ndibe yinxalenye yeli bali kwaye andisebenzise ngaphandle kwabo bonke ubuthathaka bam. KuYe kuYe yedwa uzuko.

Okokugqibela, ndifuna ukubulela umyeni wam oye wancama ubufundisi bakhe ukuze asebenze kunye nam kule nkqubo. Ngaphandle kwakhe akukho nanye kwezi ebinokwenzeka. Ndiyazi ukuzincama kwakho okuninzi okwenzileyo kule minyaka ukwenza oku kwenzeke. Ungumoya phantsi kwamaphiko am, kwaye ndiyakuthanda.

Oku kuqondwa kothando lukaThixo olumangalisayo ngehlabathi laKhe kunYe noluntu kukhokelele icawe yokuqala ukuba ichasane nezenzo eziqhelekileyo njengokukhupha isisu nokubulala usana. Ngelo xesha, ukuba umntwana oyintombazana uzelve, wayedla ngokulahlwa ezitalatweni. Nangona kunjalo, amaKristu ayeqonda ukuba bonke ubomi — abakhubazekileyo, abangekazalwa, abesilisa okanye ababhinqileyo, amakhoboka okanye izityebi — babubaluleke kakhulu kuThixo. Babeza kuhlangu abantwana ababhinqileyo ezitalatweni kwaye babakhulise ngokungathi ngababo.

Icawe yokuqala nayo yayikholelwa ekubeni, kuba uThixo wabonakalisa uthando lwaKhe ngokunikela ngobomi baKhe ngenxa yethu, yayiluxanduva lwabo ukuba bancame abanye nabo. Abalandeli bakaYesu baqonda ukuba kufuneka babe nemfesane nenceba kubo bonke abantu ngendlela efanayo uThixo wayenenceba kwaye enenceba kubo.

Ngelo xesha, kwavela ubhubhane wekholera. Ukuba umntu onekholera usela amanzi, ithuba lokuba aphile lalikhona. Ngaphandle kwamanzi, baya kufa. Nangona kunjalo, ikholera iyosulela kakhulu. Kungenxa yokuba amaRoma ayesoyika ukufumana esi sifo, xa nje ebona umntu enesi sifo, babaphosa ngaphandle ezitalatweni ukuba bafe kunokuba babanike amanzi. Ubomi bomntu babungabalulekanga kubo. AmaKristu, nangona kunjalo, ayehlukile. Baye baya kwabo banekholera, babaphathela amanzi, babanonophela. Bakholelwa kwinkonzo yedini kunye nenceba. AmaKristu amaninzi asweleke ngenxa yekholera, kodwa njengokuba abanye balubona uthando lwabo, uninzi lwabantu lwanikela ngobomi balo kuKristu. Icawe yakhula ngokukhawuleza.

Kungekudala, abameli abavela kwiindawo ezikufutshane zoluntu lwasemaphandleni baqala ukubuza iinkokeli zecawe ukuba zinganceda ukumba amaqula kufutshane nabo. Icawa yasabela kakuhle. Ngaphantsi nje konyaka, amaqula alishumi elinesihlanu agrunjwa ngesandla enye ngaphezulu kweenyawo ezisibhozo.

Abantu bachukunyiswa yindlela icawe ebanakalise ngayo uthando lukaThixo kangangokuba xa icawe yamema abahlali ukuba beze kuva umyalezo wothando lukaThixo, isakhiwo sasigwele ngabantu ababenomdla wokwazi banzi ngoThixo nabantu baKhe ababonelele ngamanzi.

Umbono kaPastor Wong

UKUXOXA NGAMAQELA AMANCINCI

Imiyalelo yabaququzeleli: Chazela ikhosi ukuba uza kubalisa ibali. Emva kokumamela, kufuneka bamamele iimpendulo zale mibuzo ilandelayo.

- Zeziphi ezinye zeengxaki ezifumaneka ekuhlaleni kukaMfundisi Wong?
- Yintoni injongo kaThixo ngolu luntu? Yiya kwingxaki nganye kwaye ujonge into uYesu awasibonisa ukuba sisombululo.
- Yintoni uYesu awathi uMfundisi Wong makayenze?

Funda ibali likaMfundisi Wong.

Kwakukho umfundisi wecawa encinci kwindawo ehlwempuzekileyo, idolophu enkulu. Igama lakhe lalinguWong. U-Wong wayesandula ukufudukela eluntwini kuba wayeziva ukuba uthunywe nguThixo. Icawa yayincinci - malunga nabantu abangama-40. Babengabafazi nabantwana ikakhulu. UWong wayenemisebenzi emibini. Wenza konke okusemandleni akhe ukufundisa umhlambi wakhe omncinci, kwaye wasebenza komnye umsebenzi ukuze ondle inkosikazi yakhe kunye nabantwana ababini abancinane.

Ngenye imini, njengesiqhelo sakhe, wavuka iyure ngaphambi kokuba abe nexesha labucala noThixo. Waphakama, wanxiba, watsiba wathula cwaka kwekhethini elahlula indawo yokuhlala yendlu yakhe enegumbi elinye kwindawo ahlala kuyo umfazi nabantwana. Walayita isibane sakhe separafini. Waqalisa ukufunda kwiBhayibhile yakhe. Ngale ntsasa, wayefunda u-Isaya, isahluko 58, kwaye wayeva ukukhala kukaThixo ngohlobo lonqulo alufunayo:

Ngaba le asiyyo le ndlela yokuzila endiyikhethileyo: ukukhulula imixokelelwane yentswela-bulungisa nokukhulula imitya yedyokhwe, ukukhulula abacinezweyo nokuqhawula zonke iidyokhwe? Ngaba asikokwabelana nabalambileyo ukutya kwakho kwaye unike umntu ongudingindawo ohluphekileyo indawo yokuhlala-xa ubona ehamba ze, ukumambesa, kwaye ungashiyi inyama yakho yegazi.

UWong akangekhe aqhubeke. Intliziyo yakhe yalwa nengqondo yakhe. Ukuba uThixo ubakhathalele kangaka abahluphekileyo, kwakutheni ukuze uWong azifumane ephakathi kwendlala kunye nokubandezeleka okwaphula intliziyo yakhe? Wayeyazi indlela ababephila ngayo abantu ekuhlaleni. Babecinezwe ngokwenene. UWong ngokwakhe wayengenanto eyaneleyo yokondla usapho lwakhe kwaye wayehlala engakwazi ukubathengela amayeza abalifunayo. Wacinga, "Uphi uThixo? Singangena njani esi Sibhalo kwiimfuno zalapha ekuhlaleni?"

Ngelixa asokolayo ezi ngcinga, kwankqonkqozwa kuthulekile emnyango. "Inokuba ngubani lowo, ekuseni kangaka?" Wong ecinga. Waya emnyango. "Ngubani?" Ilizwi kwelinye icala lathi, "NdinguYesu, Wong."

"Ungubani?" Ubuzile uWong. "NdinguYesu, Wong," laphendula ilizwi. "Ungubani, ngokwenene?" Ubuzile uWong. Ilizwi laphendula, "Wong, ndinguYesu. Ndize kuba ndikuvile ukukhala kwentliziyo yakho. Ndifuna undibonise into ekukhathazayo."

Ilizwi lavakala ngokwenyani. U-Wong ngononophelo uvule iletshi wavula ucango. Kwakusekumnyama kwaye uWong wabona kuphela umfanekiso, kodwa kwakubonakala ngathi wayecinga ukuba ngubani uYesu. "Ngena, Nkosi," utshilo uWong. "Hayi, Wong, ndifuna ukuba undidlulise kwindawo ohlala kuyo kwaye undibonise ukuba yintoni le ikophula intliziyo." Ndisamangalisiwe, uWong wavuma, elumkisa, "Kuzakufuneka sihambe ngononophelo-bekune imvula enkulu, kukho inkunkuma eninzi, kwaye asinazindlu zangasese zininzi."

Njengokuba behamba kwizitalato zoluntu, uWong uxelele uYesu amabali ezindlu abadlula kuzo. Kuleyo kwakuhlala umfazi owazithengisayo ukondla abantwana bakhe. Kwityotyombe elilandelayo bekukho indoda enxilayo eibetha umfazi nabantwana bayo ngalo lonke ixesha inxila — nto leyo ibisoloko isenzeka. Ngaphaya kwakukho ikhaya likamongameli wasekuhlaleni, indoda eyonakeleyo eyayiphanga imali yenza isithembiso sokufumanela umbane uluntu — kodwa wayisela wayinxila waza wayigembula yonke loo mali..

Badlula kwindawo evulekileyo embindini woluntu. Kwakufanele ukuba ibe yindawo yoluntu, kodwa yayigcwele inkunkuma enukayo kunye neempuku ezibalekayo. "Uyayibona le ndlu?" wabuza uWong, esolatha kwityotyombe elisecaleni kwenduli. "Umfazi nabantwana abane bahlala phaya. Uphahla luvuza-kakubi. Bahlwempuzeke kakhulu. Banokutya okuncinci okanye okunxitywayo, kwaye bahlala begula." Ngeli xesha bobabini babesemaphethelweni enduli apho uluntu lwakhiwe khona. U-Wong wakhomba kude. "Phaya ezantsi -kulapho abafazi nabantwana bahamba khona ukuya kukha amanzi. Akukho manzi kule ndawo."

U-Wong waqala ukujika ikona, kodwa weva ukukhala okuncinane. Wajonga ngakwisandi. YayinguYesu — uYesu wayelila! U-Wong wabona ukuba kwa ezo zinto zaphule intliziyo yakhe zaphule nentliziyo ka Yesu. UWong waqala ukuthetha, kodwa uYesu wolula isandla wasibeka esonga uWong, wamjonga, wathi, "Wong, ndifuna ukukubonisa ukuba yintoni iinjongo zam malunga noluntu lwakho."

Ngokukhawuleza, uWong wazifumana ejonge phantsi eluntwini. UYesu waqalisa ukuthetha, kwaye uWong wayezibona izinto ezichazwe nguYesu-zisenzeka! U-Yesu wathetha ngabantu becawe lika-Wong-njengamahlwempu njengokuba babenjalo-babebelana ngezinto ababenazo nabamelwane babo abahlwempuzekileyo. Yonke imihla, bebegcina irayisi encinci kwaye bayifaka etotini. Ekupheleni kweveki, ngamnye kubo wayenetoti ephелеleyo yerayisi ababeza nayo ecaweni ukuze babelane ngayo, ngegama likaYesu, nabantu basekuhlaleni ababenemali encinci kunabo. Benze njalo nangesepha. Amanenekazi asecaweni atyelela abahlolokazi ekuhlaleni kwaye "abamkela" —bebanceda ukuba bahlambe, bapheke, kwaye babekhathalele nabantwana xa begula.

UYesu wathetha ngomsebenzi, kwaye uWong wabona ukuba abantu banomsebenzi. Ayisiyo imisebenzi ehlawula kakhulu, kodwa yimisebenzi enika isidima kwaye ihlawule ngokwaneleyo ukuhlangabezana neemfuno ezisisiseko. UYesu wathetha ngezindlu, kwaye uWong wabona amatyotyombe angenisa ingqele nemvula atshintshwa aba zizindlu. Ayizizo izindlu ezintle, kodwa zizindlu ezikhuselekileyo nezicocekileyo. UYesu wathetha ngamanzi, kwaye ngequbuliso kwabakho imipompo kwiindawo ezifanelekileyo apho abafazi nabantwana bafumana amanzi acocekileyo. U-Yesu wathetha ngogutyulo, kwaye uWong wabona ukuba zikhona izindlu zangasese-hayi enye kuzo zonke izindlu, kodwa zanele ukuba wonke umntu akwazi ukufikelela kuzo. Kwaye inqwaba yenkunkuma embindini woluntu ihambile. Endaweni yoko, kwakukho imithi emincinci, kwaye kwakukho abantwana behleka kwaye bedlala, bekhamba ibhola. UYesu wathetha ngobomi obuguqulweyo, kwaye uWong wabona ukuba umfazi owayethengisa umzimba wakhe ngoku uxhasa abantwana bakhe ngomsebenzi ohloniphekileyo. Inxila ngoku yayingumyeni notata onothando. Umongameli wayengasebenzisi mali ngokunganyaniseki kodwa eneneni wayenceda uluntu.

Emva koko uYesu wathi, "Wong, jonga icawe!" Wong wajonga. Kwakugcwele. Kwakukho amadoda apho! Abantu babonwabile. Babedumisa uThixo ngenxa yokulunga kwakhe. Kwakukho uWong, eshumayela,

efundisa, kwaye ekhokela abantu bakhe ngoMoya nakwizenzo zothando oluthobelayo. U-Yesu ucacisile, “Wong, lo mbono yinjongo yam kwindawo ohlala kuyo. Ndifuna wabelane ngalo mbono kwaye uqale ukukhokelela abantu kuwo.”

U-Wong waqala ukuqhankqalaza, "Kodwa, Nkosi, sihlupheka kakhulu!" "Wong," wabuza uYesu ezolile, "Ngubani okhokele abantwana bakwa-Israyeli bawela uLwandle oluBomvu? Ngubani owandise izonka kunye neentlanzi kwaye wondla amadoda angamawaka amahlanu kudityaniswa nabafazi nabantwana? Ngubani owongeza ioyile kunye nomgubo womhlolokazi waseZerefathi ukuze kubekho ukutya okwaneleyo ukondla usapho lwakhe iminyaka emithathu yendlala? Ngubani owazolisa uLwandle lwaseGalili?" "Wenzile, Nkosi," utshilo uWong. "Ke Wong, thobela kule nto ndikucele ukuba uyenze. Yabelana ngezinto onazo, nangona zincinci. Bhengeza injongo zam ezilungileyo ngabantu bakho-ngokomoya nangokwenyama. Ndiza kuliphilisa ilizwe lakho!"

UWong weva umqhagi ukhonya. Umfazi wakhe wakhohlela waxhokonxa kwelinye icala lekhethini. Wayehleli etafileni, kodwa isibane sakhe sasicinyiwe. Kwaya kukhanya. UWong wajonga ngapha nangapha ekhangela uYesu kodwa akazange ambone. Wazibuza, "Liphupha? Ngaba ibingumbono?" Wayengazi, kodwa uWong wayesazi ukuba wahlangatyezwa nguYesu kwaye wayenolwazi olutsha ngenkathalo kaThixo ngamahlwempu... kunye nombono omtsha wendlela awayeza kubakhokela ngayo abantu bakhe ukubonisa uthando lukaThixo ekuhlaleni kwakhe.

Imiyalelo yokuVota ngeMbewu:

Nika umntu ngamnye "imbewu" ezilishumi (naziphi na izinto ezincinci zinokusebenza njengembewu: iincopho zamazinyo, amagqabi, amatye, njl. Dibanisa inani lembewu kwingxaki nganye - eyona inezona mbewu ibaluleke kakhulu, okwesibini inani lembewu lelona libalulekileyo nelesithathu lelona libalulekileyo.

Ukuba iqela linolwazi oluphantsi lwezibalo sebenzisa kuphela amakhadi achaza izinto ababenazo ngaphambili nasekugqibeleni. Cela iqela ukuba lihlele imifanekiso kwiimfumba ezimbini - ngaphambi nasekugqibeleni. Babuze, "Uyintoni umahluko phakathi kwezi zimbini? Abantu bahambe njani ukusuka kwimfumba enye ukuya kwezimbini?" Impendulo nguTHIXO. Qinisekisa ukuba bayamqonda uThixo obangele ukuphindaphinda

Intshayelelo: Isaya 40:29

Ukhe waqaphela ukuba iBhayibhile inemigaqo yezibalo kuyo? Kwesi sifundo, siza kujonga ezinye zezibalo ezifumaneka eBhayibhileni.

UMSEBENZI WAMAQELA AMAKHULU

Funda ulsaya 40:29. Chaza ukuba le iya kuba yindima ephambili kwesi sifundo.

- Ngubani onamandla? Ngubani obuthathaka?
- Yintoni asenzela yona uThixo?
- Singayibeka le ndinyana kwifomati yezibalo? Masizame...

Imiyalelo Yomququzeleli: Ukuba uneqela elikhulu, mema abantu abahlanu ngaphambili uze ubanike igama ngalinye okanye imiqondiso yezibalo (Uncedo olubonakalayo: Kuncwangciso 1). Kwiqela elincinci, beka onke amakhadi phantsi uze usebenze kunye ukuwafumana ngokulandelelana kwawo.

"Ubuthathaka bethu x UThixo = Amandla"

- Yintoni esinokuyifunda kule vesithixo — "fomula"?
 - NguThixo owandisayo
 - Amandla kaThixo abaluleke kakhulu, hayi ubuthathaka bethu

"Inkwenkwana kunye nokutya kwayo": uYohane 6: 1-14

Imiyalelo Yomququzeleli: Kwibali ngalinye elikwesi sifundo, zilungiselele ukubalisa ibali ngendlela enobuchule.

Kwakukho inkwenkwana. Weva ukuba umfundisi odumileyo wayeza kuLwandle lwaseGalili kwaye wayefuna ukuya kumva ethetha. Wacela ukuya kumama wakhe, Umamakhe akamvumelanga. Kwakukude kakhulu, kwaye isidlo sasemini sasise silungile. Yena wacenga ephinda-phinda, wagqibela umama wakhe evuma. Uye wapakisha isidlo sasemini esincinci kwitshefu yakhe wahamba.

Ekugqibeleni wafika apho wayesiya khona, wafumanisa ukuba sele kugcwele ngabantu. Njengakuyo nayiphi na inkwenkwana, watyhala esihlweleni waya ngaphambili. Ekugqibeleni, wafumana indawo apho wayenokumva ngokulula umfundisi kunye nabalandeli bakhe. Wayengayikholelwa indlela athetha ngayo umfundisi kunye nezinto awayezithetha. Ulibale ngokupheleleyo ukuba akakayityi isidlo sakhe sasemini.

Okokugqibela, waziva iintlungu zendlala kwaye wakhumbula isidlo sasemini awayesipakishelwe ngunina. Wolula isandla kancinane kwitshefu yakhe, ezama ukungatsaleli amehlo kuye.

Ngequbuliso, umfundisi wema wathi kubafundi bakhe mabanikeziukutya kuwo wonke umntu owayelapho. Inkwenkwe yajonga ngapha nangapha yaqonda ukuba isihlwele sikhule safikelela kumadoda angama-5 000 kunye nabafazi abaninzi nabantwana. “Yhu,” wazibuza, “Baza kubenzela njani ukutya abantu abaninzi kangaka?” Kanye njengoko wayezibuza, abancedisi babonakala ngathi banengcinga efanayo, kwaye omnye wabuza umfundisi ukuba bayithathephi na imali yokondla isihlwele esingako. Bekuya kuthatha isiqingatha somvuzo wonyaka kubo bonke ukuba balume kube kanye.

Umfundisi ubabuzile, “Ninantoni na?” Inkwenkwana yaqala ukufihla isidlo sayo sasemini, kodwa yayishiywe lixesha. Omnye umncedisi, uAndrew, wambona. “Mfundisi, le nkwenkwana inezonka -1,2, 3,4,5 neentlanzi ezi-2.” Umfundisi waphendula wathi, “Ziziseni kum.”

Ngaba unokuyithelekelela into eyenzekayo emva koko?

UAndrew wathi enkwenkweni, “Umfundisi ufuna isidlo sakho sasemini.” Inkwenkwe yavuma ukunika isidlo sasemini kuAndrew, owathi yena wasinika umfundisi.

Umfundisi wathathe isidlo senkwenkwana kwaye wabulela uThixo, emva koko waqala ukwahlula ukutya. Inkwenkwana yajonga ngokungakholelwa njengoko abancedisi beqhubeka nokudlulisa ukutya. Wonke umntu wayesitya baqhubeka besikutya bade bahlutha. Uthe xa ejonga wabona kushiyeke iibhaskithi eziyi-12 zokutya.

Ngoku wayengenakulinda ukufika ekhaya aze axelele umama wakhe. Wabaleka wagoduka, wamxelela ngemincili ukuba isidlo sakhe sasemini sondle amadoda, abafazi kunye nabantwana abangama-5 000! Umama wakhe wajika wajonga kuye encwina, “Nyana, kunini ndikuxelela ukuba unganzi amabali?”

- Singaliguqula njani eli bali libe yifomula?

UMSEBENZI WEQELA EIINCINCI (ABANTU 3-4)

Imiyalelo Yomququzeleli: Nika iqela ngalinye imvulophu enqunyulwe “inkwenkwe nesidlo sasemini” (iKhadi loNcedo locwangciso 2) OKANYE benze imiqondiso emikhulu ze ucele iqela lisebenzisane ekwenzeni ifomula. Banike iingcebiso zokubanceda bafumane impendulo. Nje ukuba iqela lenze enye ifomula yezibalo ngokudibeneyo, banokukwenza oko ngokwamaqela amancinci.

Impendulo: “inkwenkwe + izonka ezi-5 + 2 iintlanzi x uThixo = ukutya kwama-5000 + abafazi nabantwana + iibhasikiti ezili-12”

Zizo ezi Izibalo Zobukumkani !

INGXOXO YEQELA ELIKHULU

- Ngaba uYesu wayeyifuna le nkwenkwana kunye nesidlo sayo sasemini? Ngaba ikho enye indlela awayenokondla ngayo abantu?
- Kwakutheni ukuze uYesu akhethe ukuthatha ukutya okuphela kwenkwenkwana?

Ngelixa sijonga le mibuzo, siya kuqhubeka nokwenza ngakumbi Izibalo zoBokumkani.

“Umhlolokazi Nesidlo Sakhe Sokugqibela”: Incwadi Yokuqala Yookumkani 17: 7-16, 18: 1

Yayilixesha elinzima kakhulu kwimbali kaSirayeli. Ilizwe lalinendlala embi iminyaka emithathu enesiqingatha. Abantu babesifa. NoEliya, umprofeti kaThixo, wabandezeleka.

Kodwa uThixo wasebenzisa umfazi ongumhlolokazi ukuba anakekele uEliya. Njengoko uEliya wayedlula edolophini, wabona umfazi echola iinkuni waza uThixo wamxelela ukuba aye kuye acele "intwana yamanzi eseleni." Eli bhinqa lavuma ukukhelela uEliya amanzi, kodwa ngaphambi kokuba abe nako, uEliya wabuza ukuba angamzisela nesonka na phambi kokuba atye nonyana wakhe.

Yaphendula intokazi yathi, Ehleli nje uYehova, endinako kwanele isidlo esisodwa, mna nonyana wam, emva koko sife. UEliya wamphendula wathi, Musa ukoyika, uThixo uzakunibonelela.

Lo mfazi wajika wabuyela endlini yakhe wayokwezenzela uEliya ukutya ngentwana yeoli nomgubo abenawo. Ukanti xa wayesebenzise ioyile yakhe yonke kunye nomgubo wakhe ukulungiselela uEliya isonka, wothuka akufumanisa ukuba iingqayi zakhe zeoyile kunye nomgubo zazizele kwakhona, ngokungathi azichukumiswanga. Yathi loo ntokazi kuEliya, Ndisebenzise yonke into ebendinayo, kodwa ngoku ndibuyekeziwe. “Ndiyayidumisa iNkosi!”

Ibhayibhile isixelela ukuba uThixo akamnikanga ngokwaneleyo u-Eliya, umfazi, kunye nosapho lomfazi ngaloo mini, kodwa wamnika ukutya okwaneleyo yena nosapho lwakhe eminye iminyaka emithathu! Ngummangaliso.

Isifundo 8: Izenzo Zothando

Umbono ophambili

Singaluthanda uluntu lwethu ngeZenzo zoThando. Iimpawu zoMthetho woLuthando zezi: zenziwa ukubonisa uthando lukaThixo, lwenziwe ngokuthobela uThixo, lwenziwe ngamandla kaThixo, kwenziwa njalo ukuba uThixo adunyiswe, kwenziwe kusetyenziswa izibonelelo zasekhaya, ezincinci nezilula.

Izixhobo

1. Umvuzo omncinci wemisebenzi yobutyebi bendawo

Umyalelo womququzeleli: Esi sifundo siyeka ukukhumbula iimpawu ezisixhenxe zoMthetho wothando. Sicebisa ukubeka oku kwizenzo ezilula zezandla ukuze kube lula ukuzikhumbula. Umzekelo -wenziwe ngokusebenzisa amandla kaThixo kunokubonakaliswa ngokuguqula iingalo zakho. Ukwenziwa ngokuthobela uThixo kungathandazwa ngezandla. Njengoko usazisa uphawu ngalunye, yiya kwizenzo zesandla kuzo zonke iimpawu ezingaphambili.

- Ugqiba njani ukuba wenze ntoni?
- Basabela njani abantu?
- Kutheni usenza ezi zinto nje?

Izenzo zothando

Kwizifundo ezimbalwa zokugqibela sikhunjuzwe indlela uThixo abathanda ngayo bonke abantu. Sibonile ukuba siyalelwe ukuba sithande abamelwane bethu. Izenzo zothando yenye yeendlela esinokukwenza ngayo oko.

Izenzo zothando ziiprosjekthi ezincinci ezenziwa yicawa ukubonisa uthando lukaThixo kuluntu lwabo. Ngokwesiqhelo zilula kakhulu kwaye zinokwenziwa ngosuku.

Kukho izinto ezisixhenxe ezithile zoMthetho wothando. Kwesi sifundo siza kuqwalasela kwakhona iimpawu ezisixhenxe.

1 Yenziwe ukubonisa uthando lukaThixo

Enye yeenjongo eziphambili zoMthetho wothando kukubonisa uthando lukaThixo kwindawo yakho.

Kwenye indawo, icawa yagqiba ekubeni yenze umThetho woThando. Bavakalelwa kukuba uThixo ubaxelela ukuba bancede umfazi wenkokeli yeqela lemigulukudu lengingqi. Babesoyika, njengoko inkokeli yeqela lemigulukudu yayisaziwa ngokuba nomsindo kakhulu kwaye abetha abantu ngesizathu esingavakaliyo. Nangona kunjalo, icawa yayifuna ukuthobela uThixo. Balinda de inkokeli yeqela lemigulukudu yaphuma edolophini, emva koko bancedisa unkosikazi wakhe ekuvuneni amasimi balungiselela izityalo abazokuzithengisa. Xa inkokeli yeqela lemigulukudu ifika ekhayeni layo, yabona zonke izityalo zivuniwe yaza yakhwaza, “Ngubani lo wenze le nto?” Umfazi wakhe woyika ukumxelela, esoyika ukuba uza kwenza ingxaki, kodwa ekugqibeleni wavuma ukuba icawe incedile. Inkokeli yeqela lemigulukudu yaya ecaweni yaza yafika

yankqonkqozo emnyango. Emva kokubiza abadikoni ukuba bazokuxhasa, umfundisi wavula umnyango, kwangena inkokeli yeqela lemigulukudu. "Niyenzele ntoni le nto?" Baphendula ngelithi bebonisa uthando lukaThixo. Indoda yaqala ukulila, yabaxelela ukuba akukho namnye umntu owakha wamthanda ngaphambili ebomini bakhe. Waba ngumKristu, waguqula ubomi bakhe, waqhubeka ekhokela ezinye iintsapho ezintandathu ukusuka kwiqela lemigulukudu ukuya kuKristu.

- Libeyintoni ifuthe lalo Mthetho wothando?
- Ucinga ukuba inkokeli yemigulukudu ibinokuphendula ngendlela efanayo ukuba babebelane nayo ngevangeli kuphela?

Eyona njongo iphambili yoMthetho wothando kukuthobela umthetho kaThixo wokuthanda ummelwane wethu. Sifuna ukubonisa uthando lukaThixo kuluntu lwethu. Ukokuqala, kulungile ukucinga ngabo singakhange sibonise uthando kubo, umzekelo abo bangayiyo ecaweni.

- Kutheni ucinga ukuba kubalulekile ukubonisa uthando lukaThixo kwabangengawo amaKristu?
 - Uninzi lwabantu abangengomaKristu abazimisele ukuza ecaweni ukuza ku ngoThixo. Nangonakunjalo, ngokufana nebali, xa bebona uthando lukaThixo, lunokuba nefuthe elibalulekileyo.

2 Yenziwe ngokuthobela uThixo

Njengayo yonke into, sifuna ukuqiniseka ukuba sihlala sihamba sithobela uThixo. Endaweni yokwenza uphando kuluntu ukuqonda iimfuno kunye nokwenza esethu isicwangciso sokunceda, sifuna ukuqala ngomthandazo, sibuze uThixo ukuba ufuna senze ntoni. Rhoqo ezona zinto zinempembelelo kwizenzo zoLuthando zizinto ezingenangqondo nezingacacanga.

Cinga ngebali esisandul'ukuliva ngenkokeli yeqela lemigulukudu.

- Icawe ithathe isigqibo sokuba ngubani oza kubonisa uthando lukaThixo?
 - Babethandaza kwaye uThixo wababonisa ukuba bayithande inkokeli yeqela lemigulukudu.
- Ucinga ukuba ngebegxile kwinkokeli yeqela lemigulukudu ukuba bebephengulule iimfuno zabahlali?

Ngamanye amaxesha izinto uThixo asicela ukuba sizenze azivakali kwindlela yethu yokucinga njengokuthanda inkokeli yeqela lemigulukudu. Kodwa sinokuqiniseka ukuba ukuba uThixo usikhokelela ekwenzeni into, iyakufezekisa into ayinqwenelayo, kwaye siyakusikelelwa ngokuthatha inxaxheba kwizicwangciso zaKhe.

3 Encinci kunye nelula

Xa uqala ukwenza iZenzo zoLuthando, siyakukhuthaza ukuba ukhethe izinto ezilula kakhulu. Ngokufanelekileyo, kufanelekile ukuba kwenziwe ngosuku.

- Kutheni ucinga ukuba kubalulekile ukuqala ngeZenzo zoLuthando ezincinci nezilula?

Qwalasela ezi zimvo zine: Xa siqala ngento encinci nelula...

1. **Siyakwazi ukuyigqiba.** Ukuba senza into enkulu, kulula ukuba soyiswe kwaye kube nzima ukuyiphumeza. Nangona kunjalo, ukuba senza into encinci nelula, siya kuba nakho ukuyenza kwaye siyigqibe.
2. **Baninzi abantu abanokuzibandakanya.** Kulula ukuba abantu babhalisele iprojekthi encinci kwaye bazibophelele kuyo ukuba bayazi ukuba lusuku nje olunye okanye emva kwemini. Bayakuthi, "Owu, ndingayenza loo nto. Ndikhululekile ngaloo njikalanga." Kodwa ukuba yiprojekthi enkulu ethatha iintsuku ezininzi ukugqiba, abantu bayathandabuza ukwenza ixesha labo kunye nezixhobo. Oku kuyinyani ngakumbi xa umbono wokwenzela omnye umntu into intsha kubo.

3. **Sinethuba lokwakha izakhono zethu.** Mhlawumbi khangе sibe namava kakhulu ekwenzeni iiprojekthi. Oku kusinika ithuba lokwenza into elula kwaye sifumane amava ngaphambi kokuba sizame ukwenza into enzima.
4. **Sifumana impumelelo ngokukhawuleza.** Njengoko siphumelele kwiiprojekthi ezincinci, abanye baya kujoyina abo batsaleleka yimpumelelo. Xa uqala nje abambalwa ebandleni banokuba nomdla wokuthatha inxaxheba. Kodwa njengoko ufundisa ngakumbi kwaye ubonisa iiprojekthi ezinempumelelo, abantu abaninzi baya kuba nomdla wokujoyina.

Kungcono ukwenza izinto ezincinci zoLuthando rhoqо (kube kanye ngeveki okanye kwiiveki ezimbini) kunokuba wenze iiprojekthi enye enkulu. Ukongeza kolu luhlu lungentla lwezibonelelo zokwenza iZenzo ezincinci zoLuthando, ukwenza rhoqо iZenzo zoThando kuyanceda ukuprinta umfanekiso wecawa onakekela iingqondo zabantu ekuhlaleni.

4 Yenziwe ngokusebenzisa izixhobo zasekuhlaleni

UMSEBENZI WAMAQABANE

Siza kudlala umdlalo. Cinga ngeZenzo zoThando ezinokwenziwa yicawe yakho ukunceda abantu ngaphandle kokuchitha imali . Zama ukudwelisa uninzi kangangoko. Amaqabane aneempendulo ezininzi emva kwemizuzu emi-5 ayakufumana ibhaso.

Imiyalelo Yomququzeleli: Emva kwemizuzu emibini, bakhumbuze ukuba bacinge ngazo zonke izakhono abanazo abantu enkonzwени yabo abanokunikela ngazo. Emva kwemizuzu emihlanu, yiba namaqabane abelana ngeendlela ezininzi zoThando abacinge ngazo. Nika ibhaso elincinci, njengento yokutya oyithandayo, kumaqabane acinge kakhulu.

INGXOXO YEQELA ELIKHULU

- Kutheni ucinga ukuba kubalulekile ukwenza iZenzo zoLuthando usebenzisa izixhobo onazo ekuhlaleni?
 - **Ngakumbi umboniso wothando**
Cinga ngebali leesari kwisifundo 5. Ucinga ukuba ibinokuba nefuthe elifanayo ukuba i-NGO enkulu ibizise i-saris eluntwini? Hayi, ngekhe.
 - Kutheni le nto abantu baziva bethandwa?
Kwakungenxa yokuba babebona uthando lwecawe njengoko babezincama. Ukuba uluntu aluziva ukuba kukho naliphi na idini okanye umgudu ongene kulo, abayi kulubona uthando lukaThixo kubo ngendlela efanayo.
 - **Iintsikelelo zokupha.** Funda AmaKorinte 2 Isahluko 9: 6-11. UThixo usixelele ukuba uyakusisikelela ngendlela efanayo naleyo sinika ngayo. Nangona kunjalo, jonga kwakhona kwezi ndinyana.
 - Kutheni le nto uThixo esisikelela?
 1. Ke sinokuba nesisa ngalo lonke ixesha.
 2. Ukuze kuzukiswe uThixo.
- Njengoko iicawe zinike ngesisa, sizibonile zisikelelwe nguThixo. Baye baqala ukuphuma kwindlala. Kodwa okona kubaluleke nangakumbi, bayakwazi ukuba nesisa ngakumbi kwaye benze nangakumbi iZenzo zoThando.

5 Yenziwe ngamandla kaThixo

Funda u Yohane 15: 1-8.

- Isixelela ntoni le ndawo malunga nokuba singenza lukhulu kangakanani na ngokwethu? Ucinga ukuba kuthetha ntoni oku?
- Sithwala njani isiqhamo esininzi?

Ukunceda abantu kunokuba nzima ngokwenene. NguThixo kuphela onokuthi azise utshintsho esinethemba lokulubona kwiindawo esihlala kuzo. Ukuba sifuna ukubona uluntu lwethu lutshintsha ngeZenzo zoLuthando, kufuneka ngokwenene sijonge kuThixo simcele ukuba asincede. Kufuneka sihlale sithandaza ngaphambi, ngexesha nasemva kokwenza iZenzo zoThando. Xa sijongene nengxaki okanye umqobo, kufuneka sicele kuThixo ukuba enze indlela kuwo. Ukuba siyadinwa okanye sityhafile kufuneka sithembeke kuThixo ukuba asinike amandla ake okuqhubeka.

6 Bandakanya abantu abaninzi kangangoko

UMSEBENZI WEQELA ELIKHULU

Imiyalelo yabaququzeleli: Yahlula iqela libe ngamaqela amabini - uA no-B. Cela iqela A ukuba likhethe umntu abe mnye ukuba abamele. Xelela iqela lesibini ukuba wonke umntu uza kuthatha inxaxheba. Chazela la maqela mabini ukuba kufuneka adibanise amacala egumbi besebenzisa nantoni na abanokuyifumana. KwiQela A, umntu omnye kufuneka enze wonke umsebenzi, kodwa bangaboleka izinto kwiqela lonke. Kwiqela B, wonke umntu angasebenza kunye ukuqokelela kunye nokubeka izinto zokudibanisa amacala amabini egumbi. Cacisa kwiQela A ukuba iqela lonke alinakuthetha ngeli xesha lokuzilolonga. (Ukuba bayayenza, yithi, "Ndicela uthule; iqela lenkonzo liyasebenza.")

Akuba egqibile omabini la maqela buza:

- Ngubani ogqibe kuqala?
- Ucinga ukuba yintoni esinokuyifunda kulo msebenzi?
- Iqela A
 - Waziva njani lo mntu wenza wonke lo msebenzi?
 - Benive njani abanye? Ngaba unqwenela ukubandakanyeka?
- Iqela B
 - Ucinga ukuba zazithini izibonelelo zokuba abantu abaninzi basebenze kunye?
- Xa sisenza iZenzo zoLuthando, sizama ukubandakanya abantu abaninzi kangangoko-kutheni ucinga ukuba kubalulekile oko?

Rhoqo, ecaweni, bambalwa abantu abenza wonke umsebenzi. Abo bantu banokukhawuleza ukudinwa kwaye baze ngathi bayancama, ngelixa abanye abantu banokugqibela ukuba badikwe okanye ngathi iitalente zabo azisetyenziswa. Abakhuli kubuchule babo okanye elukholweni lwabo. Ngamanye amaxesha siyakhathazeka xa kucelwa ukuba sinike imali kodwa singabandakanyeki. Xa usenza umThetho woLuthando, ufuna ukubandakanya abantu abaninzi abavela ecaweni kwinto oyenzayo. Emva koko siyaxhamla kubuchule babantu abaninzi namandla. Umthetho olungileyo wothando ayikokuqokelela nje kuye wonke umntu ukunikela, kodwa kubandakanya wonke umntu ekwenzeni iprojekthi kunye. Ezinye iiprojekthi ezikhethwe zezinye iicawa ukuba zibandakanye wonke umntu zezi: ukucoca inkqubo yamanzi, ukucoca inkunkuma kwimisele yokuhambisa amanzi okanye iindlela, nokucoca iiklinikhi yezonyango.

7 Yenziwe ukuze kudunyiswe uThixo

Funda uYohane 15: 8 kwakhona.

- Yintoni injongo yokuthwala isiqhamo esininzi?

Funda uMateyu 5: 13-16.

- Kutheni sisenza imisebenzi elungileyo?
- Lumele lube yintoni usukelo lwethu xa sisenza iZenzo zoThando?

Emva kokwenza umThetho ngamnye wothando, kuya kufuneka sithathe ixesha lokuvavanya. Waba yintoni umphumo? Cinga ngezi ndawo zintathu:

1. Bancediwe abantu?
2. Ngaba le projekthi yenziwe ngothando?

3. Ngaba wadunyiswa uThixo?

Ngamanye amaxesha abantu baya kuwubona umthetho wethu wothando kwaye bavulekele ukuva ngoThixo. Kodwa hayi rhoqo. Inyani yile yokuba ngekhe sibe nethuba lokuthetha ngoThixo ngalo lonke ixesha sisenza umThetho woThando. Kodwa sinokufuna ukumzukisa uThixo ngalo lonke ixesha ngokwenza izinto ngendlela emzukisayo. Nokuba isimo sethu sengqondo, uvuyo lwethu, kunye neenjongo zethu zokunceda abanye zinokuba bubungqina obuzisa uzuko nendumiso kuThixo.

Isiphelo

Imiyalelo Yomququzeleli: Chaza ukuba kwisifundo esilandelayo siza kucwangcisa umthetho wothando. Ukuba njengoMthetho wothando ufundisa ngeveki-ngeveki ke thatha ixesha lokucinga ngale veki malunga nento enokwenziwa libandla lakho.

Ukuqukumbela ngokujonga izinto ezenziwa ngesandla amaxesha ambalwa.

Isifundo 9: Ukulungiselela Isenzo wothando

Umbono ophambili

Injongo yesi sifundo kukunika ixesha lokulungiselela Isenzo Sothando.

Izixhobo

1. Amaphepha amakhulu abantu abangama-5-7

Amanyathelo okuCwangcisa

INGXOXO YEQELA ELINCINCI (ABANTU 5-7)

Imiyalelo Yomququzeleli: Ukuba ufundisa kwicawa yasekuhlaleni, kunokwenzeka ukuba wenze oku njengeqela lonke. Khokela iqela ngokwenyathelo ngalinye.

Inyathelo 1: Umthandazo

Into yokuqala onokuyenza kukuthandaza. Thatha ixesha ngoku uthandaze. Cela uThixo akubonise into omele uyenze kuMthetho wakho wothando. Qiniseka ukuba uthatha imizuzu embalwa yokuthula ukuphulaphula uThixo.

Inyathelo 2: Ukukhetha umsebenzi

Njengeqela, thatha isigqibo ngento onokuyenza njengeSEnzo Sothando. Ngaba uThixo uphefumlele? Ukuba nabani na unazo naziphi na izimvo zento enokwenza iSenzo Sothando olungileyo, bacele ukuba babelane. Jonga ezinye zezimvo ozidwelisileyo kwisifundo 5: UThixo ufuna icawe incede. Isifundo 6: Zeziphi ezinye zeemfuno esinokunceda ngazo. Ngokudibeneyo, vumelanani kwinto enivakalelwa kukuba uThixo unikhokelela kuyo.

Nje ukuba ukhethe isihloko, qiniseka ukuba yinto onokuyenza ngosuku olunye. Amanye amaqela akhetha into enkulu kakhulu. Qhubeka ucinga de ube unento onokuyenza ngosuku olunye, usebenzisa izixhobo zasekuhlaleni, kunye nokubandakanya abantu abaninzi kangangoko.

Ukuba wenza izicwangciso kumaqela amancinci, cela iqela ngalinye labelane ngezimvo zalo kwaye lifumane ingxelo kwabanye.

- Ngaba iyabonisa uthando?
- Ngaba incinci kwaye ilula?
- Ngaba ingenziwa ngokusebenzisa oovimba abanazo?
- Ingaba ibandakanya abantu abaninzi kangangoko?

Inyathelo 3: Lungisa isicwangciso

Xoxa ngale mibuzo ilandelayo. Ukuba kunokwenzeka, makubekho umntu orekhodayo iimpendulo ukuze ungalibali.

- Uza kwenza ntoni?
- Zeziphi izixhobo ozifunayo? Uza kuzifumana phi ezo zinto? Ngubani oza kuzifumana?
- Uza kunceda bani?
- Ngubani oza kuthatha inxaxheba ekuncedeni? Ngubani oza kumema wonke umntu?
- Uyakuwenza ngowuphi umhla?

Imiyalelo Yomququzeleli: Ukuba iklasi isebenza ngokwamaqela amancinci, iqela ngalinye malibonise isicwangciso salo. Cela iqela ukuba linike iingcebiso abanokuba nazo ukomeleza izicwangciso.
