Ase ubuke ngasinye sitfombe semanga. Ngamanye emanga, Cabanga umehluko emkhatsisini wemuntfu lokholwa emanga nemuntfu lokholwa liciniso laNkhulunkhulu. Sibonelo, kwekucala (1) – umsebenti usicalekiso. Nangabe kukhona lokholelwa kutsi umsebenti usicalekiso lowo muntfu angeke asebente ngekutimisela. Baze baba nekudla lokwanele kwangalelo langa bayayekela kusebenta. Bangeke bakujabulele kusebenta futsi bayohlale babuka tindlela tekudoja umsebenti ngayoyonkhe indlela. Kepha, nangabe umuntfu akholelwa kutsi umsebenti uyincenye leyenta sihlonipheke futsi wenta sikhona kukhatimulisa Nkhulunkhulu, lapho bayosebenta ngekutimisela. Ngecumsebenti batimisele kwabo bayotikhandza banenzuzo lenkhulu. Bayotikhandza babeketela noma kulukhuni bangeke basheshe baphelelwe ngemandla.

KUBHUNGA KWESIGUNGU LESINCANE

SIBUYENI NEMBIKO

Cabanga kutsi ngutiphi tingucuko longatenta emmangweni wakho kube bonkhe bangakhulwa liciniso hhay lamanga.

- Ummango wakho bewungaba ncono noma bewungaba kabi kakhulu?
- Ummango wakho bewungaba njengobe Nkhulunkhulu afuna noma bewungaba ngephansi kwaloko?

Bafundzi bonkhe, Asesitinikete sikhatsi sithandaze kutsi Nkhulunkhulu abhidlite emandla emanga emimmangweni asisite ngekugcwalisa tingcondvo tentfu ngeliciniso.

Siwancoba Kanjani Emanga?

KUBHUNGA KWESIGUNGU LESIKHULU

Fundza Johane 8:31-32: *KumaJuda lam'kholwa, Jesu watsi kuwo, 'umangabe nibambelela etifundisweni tami, nibafundzi bami ngekweliciniso. Ngako nitalati liciniso, futsi liciniso litanikhulula.'*

- Silati kanjani liciniso?
- Litakwentani liciniso? (Litasikhulula kuphi?)

Umangabe sifuna kukhululeka emangeni aSathane, sidzinga liciniso lelivela kuNkhulunkhulu. Nkhulunkhulu wetsembisile kutfumelela emaKhrestu moya weliciniso latasiholela kulolonkhe liciniso. (Johane 16:13). Kufanele sithandaze kutsi Nkhulunkhulu asikhombe liciniso. Futsi kufanele sicitse sikhatsi lesanele sifundza libhayibheli kute sitocondza liciniso laNkhulunkhulu.

Kubuketa ne Kwenta

Sibukete emaciniso lamanyenti lamcoka lamuhla. Libhayibheli litsi liciniso litasikhulula emangeni aSathane. Kepha loko kwenteka nangabe silenta. Akusiko lokwenele kuliva liciniso— kufanele sitfobe kute Nkhulunkhulu atocala kusibusisa.

Ngumaphi emaciniso 1-2 lofise kuwenta kuleliviki? Kwenta kwakho kutawehluka ngani nangabe utfobela liciniso? Thandaza ucele kutsi Nkhulunkhulu akusite ukhumbule liciniso uphindze ulitfobe.

Sifundvo 7: Kucondza Ummango Wakho

Ingcikitsi Mcondvo

1. Kuletsa lwati ngemimmango.
2. Kusita bafundzi bacabange ngetindlela ummango wabo longagucuka ngato.

Lesitakudzinga

1. Imali yinye yeliphepha— lencane, leyetayelekile, yakulelo live
2. Emaphepha lamakhulu lahlobile abembalwa

Singeniso

KUSEBENTA KWESIGUNGU LESIKHULU

Sinyatselo lesilandzelako sekuletsa ingucuko emmangweni wetfu kutsi sinake ngekucopelela ummango wetfu sicondze kamhlophe kutsi yini tinkhinga lesibhekene nato nekutsi liyini letsemba letfu.

Kulawula KwaThishela: Khetsa imali yeliphepha lencane yelive lenu, imali leyetayelekile kubo bonkhe bantfu. **Sebentisa lemibuto lengephansi imayelana nelemali yeliphepha loyikhetsile.** Kufanele uyidadishe lemibuto kanye nalemali kusenekhatsi utokwati letimphendvulo. Kulomsebenti lona, phakamisa lemali sikhashana, bese ucela bafundzi baphendvule lemibuto lelandzelako ngekukhumbula kwabo, njengobe bayayati lemali bayibonile emahlandla bayiphatsa futsi bayisebentisa. (Ecenisweni bangeke bakhone kuphendvula imibuto ibemingakhi ibekahle.)

Sitawudlala umdlalo lomncane nyalo: (Batjele tidzingeko lokumele utibhadale)

1. Inombolo lengu 1 ivela kangakhi kulemali?
2. Livala kangakhi leligama lelitsi “kanye” kulemali?
3. Ikuphi inombolo lebhaliwe ngayo lemali (serial number)?
4. Unjani umbala walenombolo lebhaliwe ngayo lemali?
5. Silwane sini lesingemuva kwalemali?
6. Sentani lesilwane?
7. Bangakhi banftu labavelako ngemuva kulemali?
8. Kumaphi emagama lavelako edvutane nelingetulu lalemali?

Esikhatsini lesinyenti tintfo sitetayela kakhulu singasakhoni nekutibona ngeliso lelinakile. Injongo yalemisebenti lelandzelako kusita siphindze sibone imimmango yetfu siphindze sicabange ngekutsi singayisita kanjani.

Imindeni

KUSEBENTA KWESIGUNGU LESIKHULU

Kulawula KwaThishela: Dvweba emabhokisi lamatsatfu ephepheni lelikhulu. Wabhale ‘Loweswele kakhulu’, ‘loweswele’, kanye ‘nalocebile’. Bafundzi abakhulumise bachaze kutsi ingachazwa ngatiphi timphawu lemindeni lemitsatfu ngekwelukana kwayo. Batjele banake tintfo letifaka ekhatsi naku:

Indlu lekahle, kudla lokunyenti netimphahla letihlobile. Banaye mabona kudze, banako kwekuhamba kumbe sidududu, umshina wekudlala bhayisikombo, tinkhomo, titilo tekungcebeleka. Kunekudla lokwenele kute indlala ekuseni emini nantsambama. Bantfwana abalambi nabaya esikolweni.	Banendlu kuphela, Akunolutfo ngekhati. Banako kudla labakhona kukudla kanye ngelilanga. Banetimphahla nje letimbalwa. Badla emacembe abhatata.	Indlu iyawa. Ngelilanga—lilayisi lelifakwe luswayi kuphela. kute lokunye labakhona kulidla nako lelilayisi.

Ummango

KUSEBENTA KWESIGUNGU LESINCANE NOMA LESIKHULU

Kulawula KwaThishela: Yenta bafundzi basebente ndzawonye sidweba sitfombe lesiyinkhomba yemmango wabo (map). Umangabe kunebantfu labangetulu kwalabasitfupha bahlukanise babe tigungu letimbili bese sigungu ngasinye sidweba lomfanekiso wenzawo yabo.

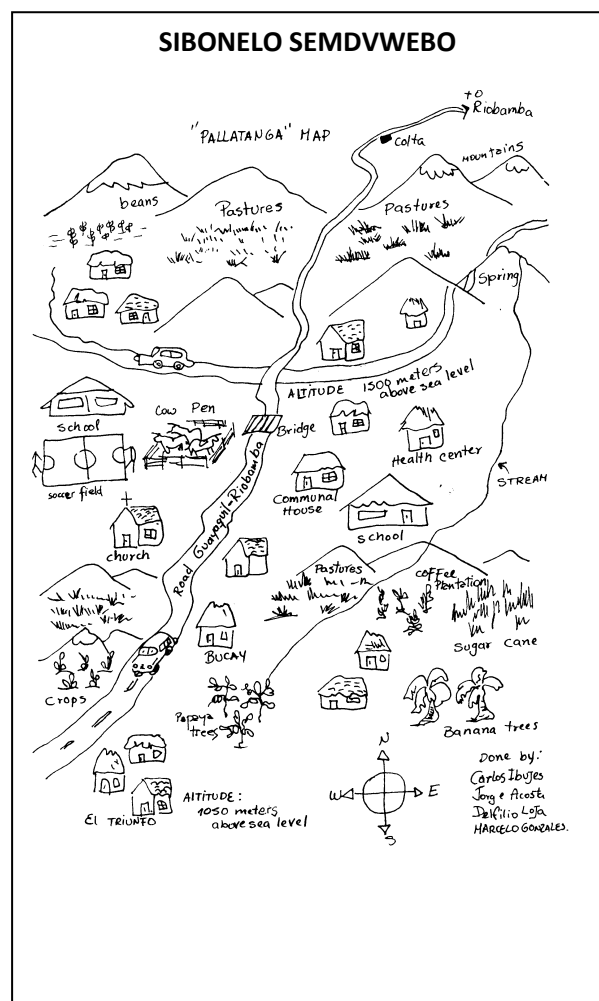

Umangabe ececesha bantfu labesuka emimmangweni lengetulu kwamunye, behlukanise ngekwemimmango lababuya kiyo.

Bangacedza kudweba lomfanekiso wemimmango, Ababekise naku lokulandzelako:

- Laphokhona bantfu bakha khona emanti ekunatsa
- Tikolo, tibhedlela, timakethe, tindzawo temphilo, kanye nalokunye.
- tindzawo etimcoka tetenkholo
- Lapho kwetsiwa khona bapharafini nabo dizili lokutidziko tekupheka
- Imigwaco lemcoka
- Tindzawo tetemidlalo nemibukiso

Bangacedza kudweba, abakhombisane lemidweba kubona kutsi yini lokwehlukile nalokufanako. Umangabe bachamuka emmangweni munye bangavetelana imicondvo ngetintfo letishodako.

Bangacedza lemidvwebo, Banikete sikhatsi emthandazweni, bacele intsandvo yaNkhulunkhulu kutsi yenteke emimmangweni yabo. Babute kutsi bacabanga kutsi Nkhulunkhulu ufuna kutsi lemimmango yabo ibukeke njani eminyakeni lelishumi letako. Dvweba lomunye umdweba wesibili lekhomba kutsi lommango ungabukeka njani kuleminyaka lelishumi letako kusukela nyalo umangabe Nkhulunkhulu angenta lommango uchakaze. Babute kutsi yini lase bayengetile kulomdvwebo nekutsi leni. Bashintje ini—yehluke ngani kulomdvwebo wekucala? Bhala ngayinye ingucuko lemcoka ephepheni lisontfo letaligcina.

Kulesifundvo lesilandzelako sitakwenta umsebeni lotsite lotasisita sicabange kutsi lemidwebo singayisebentisa kanjani kuhlela IMISEBENTI YELUTSANDVO. Kepha sisephetsa akesisilaleleni indzaba leyenteka kulelinye libandla nekutsi yini labayenta.

Libandla le 14th Street bekulisontfo lelincane, latitimele lodvwa tingenabo bomakhelwane. Bekute ingucuko lelaba nayo eminyakeni lengo 40, Besekulukhuni nekucabanga kutsi kukhona losekungagucuka. Basadweba nabo sitfombe semmango wabo, bebanekungabata. Bekufanele yin bengete tintfo labatidzingako— fana nesigulumba? Tintfo letinkhulu ketone labeva engatsi nguhulumende kuphela longakhona kutenta— fana nelibhuloho? Njengobe hulumende unekulihlukubeta lisontfo, alikho litsemba kutsi bangahle bente lokucelwa lisontfo. Kepha, ngekutsateka labakutfola ekuceceshweni kwe TCT, lisontfo lengeta nemaphupho labebukeka angeke enteke “kuchakaza” emdvwebeni wabo.

Bawulengisa elubondzeni lomdvwebo. Ankhe emalanga ngelisontfo nabahlangene bebandandaza kutsi Nkhulunkhulu aletse ingucuko emmangweni wabo. Kanye ngenyanga bebabuya bagegeletele lesitfombe babute Nkhulunkhulu kutsi yini labadzinge kuyenta. Bebatimisele kucala kwakha sikolo, kepha bekungatsi Nkhulunkhulu utsi, “hhay kwanyalo”. Lomunye wakhomba kutsi kudvwejwe sigulumba kulomdvwebo, ngako basithandazela sigulumba. Basathandaza, Nkhulunkhulu wabakhombisa kutsi banendledlana nje yekuhamba leya emasimini, ngako sigulumba besingeleke sifinyelele khona. Ngako lisontfo lahlela kuyinweba lendlela ibe ngumgwaco. Kolowo manyaka bonkhe bantfu emmangweni batfolo sivuno lesikhulu ngisizatfu lesitsi, ngelendlela leyase ivulekile, bese bakhona kusebentisa tidududu badvonse tincala kulandza sivuno esikhundleni sekwetjatsa sivuno. Ummango wonkhe watfokota kakhulu kangangekutsi banikelela lisontfo ngalenzuzo lebebaitfolile ingetulu — loko kwenta libandla likhona kutsenga sigulumbha!

Bachubeka bahlangana, bathandaza, babuka umdvwebo wabo batibuta ngekumangala kutsi yini lokwakumele baphindze bayente. Bayicedza imisebenti leminyenti beyingemaphupho abo— ticombo, tindlu tangasense, kulungisa tindlu. Bazebenta imisebenti bebangahleli kuyenta, lokufaka ekhatsi kwakha libhuloho. Kepha besolo singekho sikolo. Masinyane ngalelinye lilanga hulumbende wabavakashela wakha sikolo lesihle kakhulu! Lokumangalisako, sakhiwa eceleni nje kwalapho bebadvwebe khona kulombhalo wabo. Kwaphela iminyaka lengu 5, kuko konkhe kutikhandla kwabo Nkhulunkhulu wakwandzisa, bese bacedzile kwenta konkhe lokwakukhona kulomdvwebo. Bese bachubekela emimmangweni lebonakhelwane kusita khona.

Sephetfo

Kungaba lukhuni kukholwa kutsi iyokwenteka lengucuko lesiyidwebile. Kepha siyati kutsi Nkhulunkhulu unemandla, futsi ufuna kusibusisa nangabe simtfobela!

Njengobe lelisontfo lishilo langetulu, sifuna nani niyigcine imidvwebo yenu. Yihakeni elubondzeni nithandaze onkhe emaviki kutsi Nkhulunkhulu aletse ingucuko emmangweni. Celani Nkhulunkhulu anikhombe kutsi yini lenidzinge kukwenta. Khumbulakhulunkhulu anganimangalisa ngaloko lanikhomga kutsi nikwente, tindlela Takhe tiphakeme ngasonkhe sikhatsi kunetetfu.

Sisengakahambi, Asitsatseni imizuzu lembalwa sithandazele lemidwebo yetfu sicele Nkhulunkhulu asiphe inhlakanipho yekuletsa ingucuko lesifisa kuyibona. Esifundvweni lesilandzelako, Sitakwakha luhlelo lwekutsi singacala kanjani kuletsa ingucuko emimmangweni yetfu.
